THOMASTON CENTER SCHOOL CELEBRATES FIRE PREVENTION MONTH

Thomaston Fire Department Visits Thomaston Center School

(Thomaston, CT)—Thomaston Center School Principal Kristin Bernier announced Thomaston Center School celebrated Fire Prevention Month with a visit from the Thomaston Fire Department on Wednesday, October 11, 2017. Along with Thomaston Fire Marshal Bob Norton, firefighters shared their experiences and demonstrated ways of handling fire and medical emergencies. After the discussion, students had an opportunity to view the trucks, practice using the fire hose, and share stories with members of the Thomaston Fire Department.

Center School students enjoy the firetrucks at the Thomaston Center School Fire Prevention Day.

Fifth grade Center School students answer questions posed by the Thomaston Fire Department as part of the Fire Prevention Week activities at Thomaston Center School.

Thomaston Board of Education Mission Statement:

In a partnership of family, school and community, our mission is to educate, challenge and inspire each individual to excel and become a contributing member of society.

-TBOE Policy 0100

Goals and Objectives of the Thomaston Board of Education:

The Thomaston Board of Education believes that all students have a right to an education which is based on standards of excellence, which stresses rigorous demands and which serves to expand students' personal horizons. The Board believes that the education of each student is the shared responsibility of students, parents, faculty, and administrators. The Board also recognizes that students differ in their interests and abilities and therefore the district offers a comprehensive program consisting of a variety of learning experiences. The Board believes that an important function of the school is to prepare students for participation in our American democratic society. The Board seeks to improve the intellectual, emotional, social, and physical capacities of all students. The Board encourages the development of thinking and communication skills, the tolerance of and responsibility for others, and the understanding of varied cultures and life styles. In order to implement this philosophy, recognizing that elementary, middle and high school education are important steps in a lifelong process, the Board of Education establishes the following objectives:

- A. To teach the essential skills traditionally associated with the various disciplines.
- B. To develop the four communication skills of listening, speaking, reading, and writing.
- C. To extend and refine the students' ability to comprehend, interpret, and evaluate printed, visual, and aural material.
- D. To develop critical thinking.
- E. To further the students' development of self-awareness, self-discipline, and self-esteem.
- F. To promote the physical well-being of all students.
- G. To promote creativity and appreciation of the arts, humanities, and sciences.
- H. To encourage students to consider both the alternatives to and the consequences of their actions in the decision making process.
- I. To present career options and to assist students in setting tentative goals.
- J. To help the student appreciate that learning is integrated and continuous.

-TBOE Policy 5010
